MEMORANDUM FOR: Office of Planning, Programming, and Budgeting

ATTENTION : Chief, Support Branch, Budget Division

SUBJECT : Wise Partition at Sulfurine Records Center

For your request, the following explanation is furnished for the requested \$10,000 to construct an expanded metal barrier at the Federal Records Center at Sulfurine.

Moving reached capacity [redacted] 25X1
 we have secured 30,000 square feet in a week of 200,000 square feet at the Sulfurine Federal Records Center. We will be sharing this space with NSA and DIA. The transfer of inactive CIA records to this space has been approved by the Office of Security and USIS, but a barrier to isolate our section of the room is recommended. NSA is constructing a similar barrier, while DIA is using their space for material of relatively low classification. A preliminary cost estimate was \$10,000, and action should be taken to commit the funds within the next week.
